POLICE CRIMINAL COMPLAINT

Docket Number CR-610-13	Date Filed 9/9/13	OTN/LiveScan Number L 806099-0	Complaint/Incident Number 20130817M0005
Defendant Name	First JONATHAN	Middle ARTHUR	Last SWOMLEY

The acts committed by the accused are described below with each Act of Assembly or statute allegedly violated, if appropriate. When there is more than one offense, each offense should be numbered chronologically.

(Set forth a brief summary of the facts sufficient to advise the defendant of the nature of the offense(s) charged. A citation to the statute(s) allegedly violated, without more, is not sufficient. In a summary case, you must cite the specific section(s) and subsection(s) of the statute(s) or ordinance(s) allegedly violated. The age of the victim at the time of the offense may be included if known. In addition, social security numbers and financial information (e.g. PINs) should not be listed. If the identity of an account must be established, list only the last four digits 204 PA §§ 213. - 213.7.)

AFFIDAVIT of PROBABLE CAUSE

DUI - 1st offense

On August 17th 2013 at 0515 hours I responded to the 500 block of Gatehouse Ln E for a report of a suspicious vehicle. The complainant, Jerry Heist, advised that a vehicle not known to the area was parked with the engine running and an interior light activated. Upon my arrival at 0521 hours, I observed a 1999 black Jeep Grand Cherokee bearing PA registration DHD0791 parked facing south on Gatehouse Ln E in front of 525 Gatehouse Ln E. I observed a white male subject, Jonathan Swomley, seated on the driver's seat with a light strapped to his head. Upon approaching the Jeep, I discovered the Jeep's engine was running. I observed that Swomley's head was hanging down with his eyes closed. Swomley didn't have a shirt on and he had two fresh puncture marks on his right arm. I observed 3 hypodermic needles laying in plain view on the center console and two black socks that appeared full laying on Swomley's legs. I yelled at Swomley but he had no reaction. I requested EMS to respond. I opened the driver's door, turned off the Jeep and put the keys on the dashboard. I yelled again at Swomley and he woke up. Swomley was very lethargic and slurring his speech. Swomley's eyes were glassy and his pupils were very constricted. I tried to talk Swomley but he was disoriented. After approximately 1 minute, Swomley appeared to become oriented and aware of me. I asked Swomley what happened and he stated he injected one pack of heroin. Swomley believes he did this at approximately 0430 hours. I asked Swomley if there was anything else in the Jeep I needed to be aware of and he stated that the two black socks contained more hypodermic needles and packs of heroin. I secured the 3 hypodermic needles and the black socks. I discovered that one black sock contained 5 hypodermic needles and a clean spoon. The second black sock contained 3 hypodermic needles, a bent spoon with charred residue and a black piece of cotton in the bowl portion, and a blue plastic box. This blue plastic box contained 6 cotton swabs, a small knife, 4 blue wax paper packages containing a tanish powdery substance (suspected heroin) and numerous ripped pieces of the same blue wax paper packaging material. Swomley advised he didn't need EMS. Swomley advised he was out with a friend tonight drinking alcohol. Swomley came back to his friends house which he thought was in this area but didn't know the address or road name. Swomley then injected the heroin using one of the hypodermic needles on the center console and that was the last thing he remembered before seeing me. I asked Swomley to exit the Jeep and I observed he had trouble maintaining his balance.

I asked Swomley if he would attempt some field sobriety tests for me to which he responded he would attempt them. I asked Swomley if he was on any medication/drugs (besides the heroin) or had any medical problems that affected his balance to which he responded he didn't have any. Swomley advised he hurt one of his toes the other day but that this didn't hurt him while standing or walking. I advised Swomley that while I explained the directions to the field sobriety tests to not start any test until I asked him to do so. Swomley stated he understood this. I then explained and demonstrated the HGN and walk and turn to Swomley. After explaining each test I asked him if he understood the instructions and he stated he understood. Swomley attempted the tests but was unable to complete the tests as instructed. Swomley had difficulty walking the first 9 steps during the walk and turn. On the 9th step he almost fell over and I stopped all testing for his safety. Based on my observations and Swomley's performance

I, LANDIS, CORY L (PTLM) (0012), BEING DULY SWORN ACCORDING TO THE LAW,
DEPOSE AND SAY THAT THE FACTS SET FORTH IN THE FOREGOING AFFIDAVIT ARE TRUE AND
CORRECT TO THE BEST OF MY KNOWLEDGE, INFORMATION, AND BELIEF.

(Signature of Affiant)

Sworn to me and subscribed before me this _____ day of _____,

_____, Magisterial District Judge

My commission expires first Monday of January, _____

POLICE CRIMINAL COMPLAINT

Docket Number CR-610-13	Date Filed 9/9/13	OTN/LiveScan Number L 806099-0	Complaint/Incident Number 20130817M0005
Defendant Name	First JONATHAN	Middle ARTHUR	Last SWOMLEY

AFFIDAVIT of PROBABLE CAUSE CONTINUATION

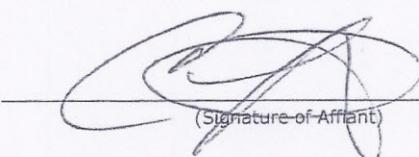

on the SFST I believed he was rendered incapable of being able to safely operate a vehicle. Swomley was taken into custody and placed in my patrol vehicle.

I then transported Swomley to Memorial Hospital for a blood test. Upon arrival at Memorial Hospital, I read Swomley his Chemical Test Warnings verbatim from the DL-26 (03/12) form. Swomley advised he understood and signed consent for a blood test. At 0605 hours two vials of blood were drawn from Swomley's arm by nurse Lana Rauhauser. Swomley was then transported to Central Booking where custody of him was turned over to the York County Sheriff's Department. This was discovered to be Swomley's first offense for DUI.

At Springettsbury Township Police Department I field tested some of the tanish powdery substance from the blue wax paper packages using a NARK Nitric Acid Reagent test kit which rendered a positive result for the presence of heroin. I packaged the bent spoon and the 4 blue wax paper packages containing the tanish powdery substance as evidence for further testing at PSP Labs.

On September 1st 2013 I received notification from NMS Labs that reported the following in Swomley's blood at the time of testing:

- .042% BAC
- 40 ng/mL of Morphine-Free
